- **Divine Mercy:** What is Divine Mercy and why is it more important now than ever? John walks through the basics of Divine Mercy, adds his own personal faith witness to the power of Divine Mercy, and lays out the ABCs of Divine Mercy – Ask for mercy, Be merciful, Confidence and trust in Divine Providence.
- **I want to learn more about my faith, but I don't know how:** This talk starts out with a going-back-to-basics approach starting with Who is God. It then weaves together practical and mystical faith. The final session walks people through different sources for learning about faith and how to access/interact with them.
- **Science and Faith:** If God is Truth, all knowing and all powerful, why is science and faith always at odds with each other? Hint: they're not. John turns back time to investigate how this false conflict came to be, who were some of the key Catholics in the development of scientific ideas, and how modern science and faith can coexist.
